

2023 SPONSORSHIP OPPORTUNITIES

Florida Association of Animal Welfare Organizations seeks to improve the lives of animals and support Florida shelters through three principal initiatives:

- advocacy for **Humane Legislation**
- facilitation of state-wide **Disaster Response**
- coordination of intrastate **Transport** services that move animals out of shelters in crisis and deliver supplies to shelters in need.

As a sponsor for these life-saving initiatives your organization will have the opportunity to reach hundreds of shelters across the state while significantly improving the lives of Florida's animals.

Together, we can create a more humane community for all Florida citizens.
